Westfalia Bikelander

Discover the bikelander

The bikelander cycle carrier range from Westfalia-Automotive presents itself with ultra-modern hybrid LED lights (except bikelander classic) in an innovative design.

Key features:

- Folds down for easy storage
- Tilting mechanism for easy access to the boot
- 60 kg maximum load capacity
- Suitable for bikes with a wheelbase of up to 1300 mm

The bikelander range is suitable for all common bicycle models including pedelecs and e-bikes.

The ergonomics of this carrier make it user friendly and with a reduced weight of approx. 17 kg it is easier to lift yet just as strong as comparable models. In addition, the frame holders are removable and can hold bike frames with a diameter of up to 80mm. The latest shape of the back support frame allows for many different bike frames to be secured to the rack with ease.

The bikelander range continues to allow the fitting of additional accessories such as the box, platform and bike extension rail (for 2 bike versions only).

Proven a 1,000 times over

Bike carrier and gripper lockable with same key

Adjustable wheel holders allow the safe transport of bike with a wheelbase of up to 130 cm

Long, wide bike support frame offers more flexibility when attaching the bikes

22cm space between the rails leave plenty of space between bikes when fully loaded

Wide wheel holders enable transport of bikes with a tyre width of up to 7cm (2.75 in)

Stable frame for high loads

Tilts with bikes loaded

Foldable for easy storage in the smallest of spaces

The new bikelander 3 bikes

The bike carrier for 3 bikes

It has all the advantages of the bikelander, but makes it possible to transport 3 bicycles.

Practical accessories complete the range.

Transportbox

- Article No.: 350002600001
- Measurements (W/H/D): 1170x600x425 mm
- Weight: 15 kg
- Max. payload: 45 kg
- Capacity: 200 l
- Colour: anthracite

Platform

- Article No.: 350004600001
- Measurements (W/H/D): 1290x230x413 mm
- Weight: 6 kg
- Max. payload: 54 kg
- Colour: anthracite

Extension kit for 3rd cycle

- Article No.: 350014600001
- Article No. click system: 350055600001
- With the extension kit the bikelander turns easily and quickly into a bicycle carrier for 3 bicycles.
- Not for bikelander 3 bikes

Bag

- Article No.: 350013600001 for 2 bike carrier
- Article No.: 350017600001 for 3 bike carrier
- For convenient and safe storage of your bike carrier
- Not for bikelander 3 bikes

Drive up ramp

- Article No.: 350020600001
- Easy loading of heavy bikes by pushing bikes up the ramp rather than lifting them

Wall mounting bracket

- Article No.: 350006600001
- Steel construction for easy storage of the cycles carrier to any wall
