## Roof Racks

It carries almost  
every load for me.

## Specially designed for use with commercial vehicles

**Roof racks from Westfalia-Automotive impress with the stability and reliability they offer during the daily routine of the commercial vehicle sector – whether used by roofers, fitters or carpenters.**

Simple, vehicle-specific fitting is a matter of course. Once the roof rack has been fitted, an additional loading area with numerous options is available. The modular concept of the roof racks simplifies handling, shipment and storage.

These racks are designed for heavy-duty, professional usage. They are individually adapted to each vehicle so as to cater for the requirements of the user. OE quality, real value for money and a wide range of products make roof racks from Westfalia-Automotive true all-rounders.
