

Specially designed
for use with
commercial vehicles

Roof racks from Westfalia-Automotive impress with the stability and reliability they offer during the daily routine of the commercial vehicle sector - whether used by roofers, fitters or carpenters.

Simple, vehicle-specific fitting is a matter of course. Once the roof rack has been fitted, an additional loading area with numerous options is available. The modular concept of the roof racks simplifies handling, shipment and storage.

These racks are designed for heavy-duty, professional usage. They are individually adapted to each vehicle so as to cater for the requirements of the user. OE quality, real value for money and a wide range of products make roof racks from Westfalia-Automotive true all-rounders.

Roller and deflector included

Dimensions according to needs

Corrosion protection thanks to powder coating

Improved aerodynamics for optimised consumption

Use of materials complying with REACH regulations

Compact warehousing and simple transport due to modular design

City Crash tested and DEKRA certified

Fahrzeugteile und Ausrüstungen

Certified supplier to the automotive industry
