### ***Google Analytics***

Horizon uses Google Analytics on basis of legitimate interest, which is a web analysis service of Google Inc. (“Google”) on our Site. Google Analytics uses cookies, i.e. text files stored on your computer to enable analysis of website usage by you. Information generated by the cookie about your use of this website is usually transmitted to a Google server in the United States and stored there. However, in case of activated IP anonymization on this website, your IP address is previously truncated by Google within member states of the European Union or in other states which are party to the agreement on the European Economic Area. Only in exceptional cases is a full IP address transmitted to a Google server in the United States and truncated there. On behalf this website’s owner, Google will use this information to evaluate your use of the website, compile reports about website activities, and provide the website's operator with further services related to website and Internet usage. The IP address sent from your browser as part of Google Analytics is not merged with other data by Google. You can prevent storage of cookies by appropriately setting your browser software; in this case, however, please note that you might not be able to fully use all functions offered by this website. In addition, you can prevent data generated by the cookie and relating to your use of the website (including your IP address) from being collected and processed by Google, by downloading and installing a browser plug-in from the following link: <http://tools.google.com/dlpage/gaoptout?hl=en>

Horizon uses Google Analytics on the Websites with the extension “anonymizeIP()”, IP addresses being truncated before further processing in order to rule out direct associations to persons.
